The Cedar Rapids Kernels and Minnesota Twins announced Friday that right-hander Nick Anderson has been signed by the Twins as a non-drafted free agent and assigned to the Kernels roster.

The Milwaukee Brewers originally drafted Anderson in the 32nd round in 2012 from Mayville State University in North Dakota. This season he has made 25 relief appearances for the Frontier Greys in the independent Frontier League, posting a 2-0 record, 0.65 ERA and 13 saves.

Anderson is active and available for Friday night's home game against Bowling Green.
